Introduction: About this book

Copyright Act of 1976: Fair Use

Secret #1: The key word is use.

Secret #2: Trends come and go.

Secret #3: Courts love transformative uses ... so far.

Secret #4: No one factor decides the entire case.

Secret #5: Fair use helps copyright owners as much as it does users of copyrighted works.

Secret #6: In application, educators and librarians often conflate fair use with other issues.

Secret #7: The academy and libraries fear fair use.

Secret #8: Many lawyers don't really "get" fair use, especially from the perspective of educators.

Secret #9: Risk tolerance is directly proportionate to provision of valuable information.

Secret #10: Copyright policies can be a powerful tool.

BONUS Secret! Secret #11: War has been declared against fair use.
